I am sorry that a last minute call to the White House prevented me from meeting with you during your recent visit to Washington.

Frank Carlucci and Les Dirks have assured me that your visit was most useful to them and I trust productive to you as well.

I want you to know that we value our mutual efforts, and you are always most welcome in Washington.

Wishing both you and the very best for the Holiday Season..

25X1

Yours sincerely,

/s/ Stansfield Turner
